## About This Game

The official FORMULA ONE™ game returns with new circuits, split-screen and co-op Championship modes plus all the cars and stars from the 2011 season. Debut ahead of the drivers at India's Buddh International Circuit, race the iconic Nürburgring circuit for the first time in High Definition and take on Abu Dhabi with a spectacular new day night transition. Use KERS and DRS to blast past rivals and race wheel-to-wheel against Lewis Hamilton, Fernando Alonso and Sebastian Vettel. Go from Rookie to 2011 FIA FORMULA ONE DRIVERS' WORLD CHAMPION in career mode, set your best lap in Time Attack or test yourself online against 16 players plus 8 AI to simulate a full 24 car grid. Off track, become immersed in the world's most glamorous sport with enhanced media interaction, expanded Paddock, new Parc Ferme area and celebration animations. F1 2011™ - be the driver, live the life – go compete!

## Key Features

- The sequel to the BAFTA award winning 2million+ seller F1 2010™
- Go compete in split-screen, co-op Championships and online against 16 players plus 8 AI to simulate full 24 car grids
- Features all the stars, cars and circuits from the 2011 FIA FORMULA ONE WORLD CHAMPIONSHIP™
- Debut ahead of the drivers at India's Buddh circuit and take on the Nürburgring for the first time in High Definition in a FORMULA ONE game

Title: F1 2011  
Genre: Racing, Simulation, Sports  
Developer:  
Codemasters Birmingham  
Publisher:  
Codemasters  
Release Date: 19 Sep, 2011

b4d347fde0

**Minimum:**

**OS:** Windows XP/Vista/7

**Processor:** Intel Core 2 Duo @ 2.4Ghz or AMD Athlon X2 5400+

**Memory:** 2GB Ram

**Graphics:** GeForce 7800/Radeon X1800 or higher

**DirectX®:** DirectX 9.0c

**Hard Drive:**12.5 GB HD space

**Sound:** DirectX Compatible Soundcard or onboard audio

**Other Requirements:** Online play requires log-in to Games For Windows - Live. Click [here](#) for a list of countries/regions with service.

**Network Requirements:**

Broadband internet connection required (512kbps+ recommended)

TCP/IP Network

**Supported Graphics Cards:**

ATI Radeon x1800, x1900, x1950, HD2400, HD2600, HD2900, HD3XXX Series, HD4XXX Series, HD5XXX Series, HD6XXX Series

NVIDIA Geforce 7800, 7900, 7950, 7950Gx2, 8400, 8600, 8800, 9600, 9800, 9800Gx2, GeForce 210, GT220, GTS250, GTX2XX Series, GTX4XX Series, GTX5XX Series

Not compatible with all integrated sound/graphics solutions (inc. laptops).

English,German,French,Italian

Changing my review to a Positive as the Dev's and Help Desk has been Helpful in Solving some issues.

The Positives.

-----

1. Nice Graphics and Smoothness with Loading my recent saved Maps.
2. Importing my older Maps from the TRS-2006 was fairly easy, and 90% of the older parts Worked.
3. The Interface Options are Clean and easy to work with compared to the older Versions

The Negatives.

-----

1. No ability to Repair the Broken built in content!
2. Does have serious issues with the Sounds, Steam Engine, Steam Sounds have Looping Pops.

Farm Animal Sounds not Smooth, Looping Pops. sent in a help Desk Request for a hoping fix, and was told that it was the Content Creators errors, then why is the sound perfect in the older Versions of Trainz.

3. Content Manger only works part of the time, spent way to many hours waiting of it to work correctly, fails constantly.
4. Stereo Sound not working, all Boring Mono Doppler type Sound.
5. Purchased DLC Steam Locomotives have many Graphical errors and you can not Repair them, your Rights to fix broken Content has been evoked.. Well it's played by Ron Perlman, doesn't wear a suit, has a sick shotgun, boring perk deck, slow but cool-ish chain whip and a awesome rust mask, 6V10. Good game. Lots of pros and cons. Game is not a casual play thru. I have a lot of time on my hands right now so I enjoyed playing and completing it. The main character Jack is cool and funny at times. Liked it when he said he had enough problems without experimenting with witchcraft. I am a Lovecraft fan so this game and Conarium were great. Plan to play the new one eventually.. Back in 2015 when the game first came out they gave the option of supporting the game further. So i bought a few years back and never regret it... Drop Alive is a cute little platformer with fantastic art and sound design, but with levels that can be a bit aggravating. You play as a drop of water escaping through a house towards the outside. Throughout the levels you'll transform at set points between the water drop, a small ice cube, and a cloud, each behaving a bit differently. By collecting tokens you can unlock different appearances for the character. The charming handdrawn art style alone makes the game worth playing, and the music is pretty good too. The annoying aspect of the levels is mainly that they don't have any kind of checkpoints, and you'll frequently die near the end of a level and be forced to restart from the beginning. Moving around causes the water drop to shrink, and when you don't know where the water sources are on a given level you have to be careful not to fade away, requiring a decent amount of trial and error to complete any given

---

level. In order to place the optional collectable tokens in the levels, there are often branching paths, but in some levels this just makes it difficult to tell where you have to go. As the game is free, it is certainly worth checking out.

For more puzzle game and platformer recommendations, check out [my Curator page](#)

. If you like games where you can fail at life just as bad as you fail at life IRL then here you go. You can start out as a rich person and become poor. A middle class person and become poor. Or a poor person... and die. This is actually a very fun and addicting game though.

---

dialogue,dialogue,dialogue.... 30 seconds of gameplay ... repeat. I found it very juvenile and the reviews very misleading. People will complain about immersion break. That is unfair, Sisters are human, and to them keeping the city (and the rest of the empire) safe from wyrdstone is their primary concern. Whos to say that there isnt a smuggler out there who agrees with them but just feels money is important too? Its not unfeasible.

Also she is, by far, amazing. The smuggler in a sisters warband is grade A cheddar. Access to non hammer weapons and guns broadens the scope of the warband considerably and gives you breathing room with her high speed and good agility.

two dollars might be alot for a single unit type, but she definetly wont dissapoint.. \_\_\_\_\_

| THE RESULTS! |

| \_\_\_\_\_ |

Time.....7 Years to make

Graphics.....3V3

Music.....3V3

Gameplay.....6V6

Skill Meter.....\u2730

GRADE.....S

|Golly! A perfect Score! |

| \_\_\_\_\_|. When the guys first launched this as Beta it didn't work correctly for ATI cards. Works perfectly fine.

I've just started to get into Shaders as I'm making my own game. One of the goals I have is to have a pretty game; and obviously that means shaders.

Before buying this I was writing my shaders and launching my game engine to see them. This product lets me see results in almost realtime, and what's more important is that I can see the flow. The flow is so important, I struggled keeping track of all my programs, framebuffers and textures in code. This app lets me plan it out, see it work, and then I can use the layout to code it in.

\u2665\u2665\u2665\u2665in' brilliant.. Please excuse me while I sob uncontrollably. That was one of the most beautiful games I have ever played, and this is the first game I have ever felt compelled to write a review on. Do your self a favor and play it, but don't forget a box of tissues.
